New Product Release – March 2014

Piston and Engine Kits for **Caterpillar® C15 ACERT** Engine Applications

MCB3067460 Body Assembly – Piston
MCIF3067460 Inframe Kit C15
MCOH3067460 Overhaul Kit

Interstate-McBee is pleased to announce the release and immediate availability of cylinder kits, inframe engine kits and overhaul engine kits for the popular **Caterpillar® C15 ACERT** engine applications. These kits contain a one-piece forged steel piston (MCB3067460) which is manufactured using the latest in materials and processes. The new inframe engine kit part number (MCIF3067460) contains the MCBC15212 gasket set which was developed for these applications and include the latest style cylinder head gasket, new high-temperature turbo mounting studs and nuts, new exhaust sleeves and a new isolation type oil pan seal (gasket). Contact Interstate-McBee for exact engine applications.
