## New Product Release – November 2011

### Additional Detroit Diesel® 14L Series 60 Cylinder Kits from Interstate-McBee

- A-23530661 Cylinder Kit 14L – 1999 to 2001 non-EGR engines**
- A-23530663 Cylinder Kit 14L – 1999 to 2006 non-USA engines**
- A-23530665 Cylinder Kit 14L – 2002 to 2004 EGR-USA engines**

Interstate-McBee continues to expand parts coverage for this popular engine model. With these new additions Interstate-McBee offers the widest S60 coverage in the aftermarket. The cylinder kits listed above are for the 14L models with version IV electronics and can be purchased as cylinder kits or in the engine kits listed in the table below.

Cylinder Kit	Basic O/H Kit	Lower Bearing Kit
A-23530663	A-23532307	A-23527914 or A-23535280 or A-23533692
A-23530665	A-23537081	A-23535280 or A-23533692

## Additional Detroit Diesel® S60G/S50G Coverage from Interstate-McBee

- A-23519090 Exhaust Valve Seat S60/S50 Natural Gas**
- A-23517058 Intake Valve Seat S60/S50 Natural Gas**

Interstate-McBee is pleased to offer immediate availability on the above valve seats. Used in conjunction with our popular natural gas valve kits for these engine models, complete valve train replacement is now available. The S50G has wide usage in many metropolitan transit systems. Look to Interstate-McBee for expanded natural gas coverage in the months ahead. A quick reference valve train matrix for S60G / S50G applications is shown to the right.

Part #	Description
A-23520148	Valve Kit - Exhaust
A-23520149	Valve Kit - Intake
A-23519090	Valve Seat – Exhaust
A-23517058	Valve Seat - Intake
A-23533552	Valve Guide
A-8929415	Valve Spring
